About

UI / UX / Product Designer with 10+ years of experience in product teams. Worked on e-commerce, fintech, and digital services for large companies and international markets. I specialize in interface design, complex user scenarios, and design systems. I improve product metrics through UX/UI solutions and close collaboration with development and product teams.

Work Experience · 11 years 4 months

5 years 2 months

Feb 2021 — present

Techvill (OOO Automakon)

UX/UI Designer · Remote · Senior

Designed and developed digital products for retailers: VkusVill, Magnit, Kalina-Malina, etc;

- Designed interfaces for the courier application and internal admin panels for VkusVill;
- Optimized the VkusVill cart flow when changing delivery addresses, reducing drop-offs at the checkout stage by ~20–25%;
- Designed key scenarios in the customer application: filters, sorting, order comments.

1 year 4 months

Nov 2019 — Feb 2021
Germany

Advigo GmbH, Germany

Product Designer · Remote · Middle

Designed a dating product based on astrological compatibility from concept to MVP;

- Conducted express market research and designed the UX structure (CJM, user flows);
- Created a design system of 100+ components, accelerating the development of new features by ~30–40%;
- Led design reviews and controlled the quality of UI implementation.
